

Metal Grinding Disc

Durable grinding disc designed for efficient material removal and surface finishing on metal. Made with high-quality abrasive for consistent performance and long service life. Ideal for grinding welds, removing rust, and shaping metal surfaces. Suitable for use with angle grinders in workshop and industrial applications.

PRT No	Description	Bore Diameter	PKT QTY	CTN QTY
MGD4C	Metal Grinding Disc 4" x 6 mm	16mm	50	200
MGD4.5C	Metal Grinding Disc 4.5" x 6 mm	22mm	25	100
MGD5C	Metal Grinding Disc 5" x 6 mm	22mm	25	100
MGD7C	Metal Grinding Disc 7" x 6 mm	22mm	25	50
MGD9C	Metal Grinding Disc 9" x 6 mm	22mm	5	25

INDUSTRIAL TOOLS

CUTTING TOOLS

Metal Cutting Disc

Cutting and grinding disc can be used on machine as diverse as angle grinder and petrol cutters to cut or grind metal or masonry including concrete.

PRT No	Description	Bore Diameter	PKT QTY	CRTN QTY
MCD4C	Metal Cutting Disc 4" x 3 mm	22mm	50	200
MCD4.5C	Metal Cutting Disc 4.5" x 3 mm	22mm	50	200
MCD5C	Metal Cutting Disc 5" x 3 mm	22mm	50	200
MCD7C	Metal Cutting Disc 7" x 3 mm	22mm	50	100
MCD9C	Metal Cutting Disc 9" x 3 mm	22mm	25	50
MCD14C	Metal Cutting Disc 14" x 3 mm	25mm	5	25
MCD16C	Metal Cutting Disc 16" x 3 mm	25mm	1	25
