Fire Blanket

Quick & Effective Protection Against Small Fires

Designed to smother small fires by cutting off the oxygen supply. Ideal for kitchens, workshops, laboratories, vehicles, and workplaces.

Size: 1.2 m x 1.2 m

- More suitable for standard kitchens and small work areas
- Compact size for easy installation and portability
- Ideal for covering small containers, workbenches, and other small fire sources

Size: 1.8 m x 1.8 m

- Provides a larger coverage area
- More suitable for workplaces, laboratories, larger kitchens
